The Federal Power Commission has determined that the value of said lands would not be injured or destroyed for the purpose of power development by entry, location or selection provided the same be made subject to the terms and conditions of section 24 of the Federal water-power act.

In view of the foregoing, said lots 3 and 5, Sec. 5,

T. 52 N., R. 6 E., B. M., are hereby restored to entry subject to the terms and conditions of section 24 of the Federal water-power act.

In view of the fact that this applicant made a former filing for this land and has improved and cultivated about 20 acres and made improvements thereon, and that the original filing was relinquished in order to give the applicant more time within which to comply with the law, the lands being very rough and hard to clear, said restoration is made without reference to the law providing preference right to ex-soldiers of the war with Germany and the applicant having signified his willingness to take the land subject to the terms and conditions of section 24 of the Federal water-power act, the following reservation has been noted upon said application:

> "Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water-power act as to lots 3 and 5."

The application is returned herewith and you will, in the absence of other reasons disclosed by the records of your office for contrary action, allow the same and transmit the entry papers to this office with your regular returns.

Cheyenne, Wyoming.

Sir:

July 12, 1928, Bob White filed homestead application for lots 3, 4, SE¼ NW¼ Sec. 28, T. 41 N. R. 94 W. 6th P. M., containing 130.80 acres, which you allowed August 11, 1928.

348.5-a

October 9, 1928, the entryman filed application to amend said entry so as to include in addition to the lands contained in said entry, lot 1 3455 Sec. 15, T. 6 N. R. 6 L, W. R. M., alleging settlement upon lot 1, prior to Jun 10, 1920.

DF 68

The records of this office show that said lot 1 Se. 15 was withdrawn and included in powersite reserve No 115 by Executive order dated July 2, 1910.

The Federal Power Commission has determined that

act 16-29

the value of said lot would not be injured or destroyed for the purpose of power development by entry, location or selection provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

In view of the foregoing Lot 1 Sec. 15, T. 6 N., R. 6 E., W.R.M., is hereby restored to entry subject to the terms and conditions of section 24 of the Federal water power act.

In view of the fact that the entryman went upon the land prior to June 10, 1920, and has agreed to take the same subject to section 24 of the Federal water power act said entry is amended to include Lot 1 Sec. 15, T. 6 N., R. 6 E., W.R.M., and the entry made subject to the following reservation:

> "Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act as to Lot 1 Sec. 15, T. 6 N., R. 6 E., W. R. M."

The entry originally embraced 130.80 acres. As amended it embraces 171.65 acres. Therefore, said amendment is made subject to the conditions that the entryman makes proper payment for the excess area of 11.65 acres.

The Federal Power Commission has determined that the value of said land would not be injured or destroyed for the purpose of power development by entry, location or selection, provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

In view of the foregoing, the above described tracts are hereby restored to entry subject to the terms and conditions of section 24 of the Federal water power act.

In view of the fact that the homestead applicant settled upon the land in 1917, and resided thereon until the present time and expended more than $1,000 for improvements, relinquishing his former entry in order to secure additional time within which to comply with the law, this restoration is made for his benefit.

The showing made in support of the second entry is deemed sufficient to warrant the restoration of the applicant's homestead rights under the act of September 5, 1914. The applicant having signified his willingness to take the land subject to the terms and conditions of said section 24, the following reservation has been noted upon the application:

Sacramento 024326 "F" CBB.

"Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

The application is returned herewith for suspension pending action upon the applicant's petition for designation of a portion of the lands not yet designated under the stock raising homestead act.

Sir:

By Executive order dated December 30, 1910, certain lands within your district were withdrawn and included in power site reserve No. 170.

The Federal Power Commission has determined that the SW¼ SE¼ Sec. 26, T 6 N., R. 43 E., W. M., would not be injured or destroyed for the purpose of power development by entry, location or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

In view of the foregoing, it is hereby ordered pursuant to public resolution No. 85, approved June 12, 1930, that the land described subject to valid rights and the provisions of existing withdrawals shall be opened

Blackfoot, Idaho.

Sir:

By Executive order dated June 27, 1931,

certain lands within your district were withdrawn and included in Power Site Reserve No. 283

The Federal Power Commission has determined that lots 3 and 4 Sec. 10, T. 9 S., R. 14 E., B. M.,

DF-215.1

would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act.

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 85, approved June 12, 1930, that the land described, subject to valid rights, shall be opened only to entry under the homestead or desert-land laws by ex-service men under the terms and conditions of said resolution and regulations issued thereunder, for a period of ninety-one days, beginning with the thirty-fifth day from and after the date of this order, and thereafter any of the land remaining unentered will be subject to appropriation under any applicable public-land law by the general public.

April 18, 1930, Joseph Frederick Thomas filed application to make second homestead entry for the S½ NW¼ Sec. 7, T. 30 S., R. 1 W., W. M., which you rejected and transmitted to this office on appeal.

The records of this office show that said tract was withdrawn by departmental order of February 15, 1928, and included in Power Site Classification 198.

The Federal Power Commission has determined that said tract would not be injured or destroyed for the purpose of power development by entry, location or selection provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

In view of the foregoing, said S½ NW¼ Sec. 7, T. 30

S. R. 1 W., is hereby restored to entry, subject to the terms and conditions of section 24 of the Federal water power act. The applicant states in his appeal that he relinquished his former entry thinking that the improvements were located upon lands which his brother had previously applied for. However, after the survey lines were carefully run it was found that the improvements were upon the lands originally applied for; that he had resided upon the land for a number of years and placed considerable improvements thereon.

The showing made in support of second entry is deemed sufficient. The applicant having signified his willingness to take the land subject to the terms and conditions of said section 24 the following reservation has been noted upon said application:

> "Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

The application is returned herewith and you will, in the absence of reasons disclosed by the records of your office for contrary action, allow the same and transmit the entry papers to this office with your regular returns.

Sir:

July 6, 1925, Carl L. Salisbury filed homestead application for the SE¼ NW¼ Sec. 22, T. 1 S., R. 45 E., P. M., which you allowed on the same date and final proof was submitted October 15, 1928.

The records of this office show that said tract was withdrawn by Executive order dated August 16, 1917, and included in Power Site Reserve No. 691.

June 16, 1930, Mr. Salisbury was advised that said lands were withdrawn from entry and included in said Power Site Reserve No. 691 and that the allowance of said entry was erroneous, but that in view of the fact that he had placed valuable improvements upon said lands and submitted final proof the Federal Power Commission had been requested to determine whether or not said land could be entered subject

to Section 24 of the Federal Water Power Act.

February 13, 1931, the Federal Power Commission determined that said land would not be injured or destroyed for the purpose of power development by entry, location or selection provided the same be made subject to the terms and conditions of Section 24 of the Federal Water Power Act.

In view of said determination the SE¼ NE¼, Section 22, T. 1 S., R. 45 E., B. M., is hereby restored to entry subject to the terms and conditions of Section 24 of the Federal Water Power Act.

Public resolution approved June 12, 1930, provides that:

> "On the opening of public or Indian lands to entry, or the restoration to entry of public lands therefore (theretofore) withdrawn from entry, such opening or restoration shall, in the order therefor, provide for a period of not less than 90 days before the general opening of such lands to disposal in which officers, soldiers, sailors, or marines who have served in the Army or Navy of the United States in any war, military occupation, or military expedition and been honorably separated or discharged therefrom or placed in the Regular Army or Naval Reserve shall have a preferred right of entry under the homestead or desert land laws, if qualified thereunder, except as against prior existing valid settlement rights and as against preference rights conferred by existing laws or equitable claims subject to allowance and confirmation."

-2-

This entry was improperly allowed. However, the fact that the entryman has resided upon the land since 1923 and placed improvements thereon sufficient to submit final proof, constitutes sufficient equities to place this case within the purview of the exception clause above referred to.

The entryman having filed an election agreeing to take said land subject to the terms and conditions of section 24 of the Federal water power act, the following reservation has been noted upon said entry:

> "Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

The final proof taken with the report from the Chief of Field Division is sufficient as to residence and stock raising improvements, but not sufficient as to cultivation of the original entry, but is sufficient to warrant reduction of required area of cultivation. The proof shows that the land is too rough and broken to permit cultivation, but that the same has been used for grazing purposes by the entryman and has also been leased for grazing. The land having now been designated as subject to entry under the stock raising homestead act, the area of cultivation is hereby reduced to the amount set forth in

the final proof.

You will in the absence of other reasons disclosed by the records of your office issue final certificate noting thereon the above reservation.

Very respectfully,

Commissioner.

September 10, 1926, the Mountain View Gold Mining Company filed mineral application for the lands embraced in Silver Falls fractional claim and Silver Falls mining claim identified as U. S. Survey No. 1546. Location of said claim was made August 9, 1926, and final certificate issued January 29, 1930.

DF-18

The records of this office show that the lands embraced in said claim were, on June 4, 1924, reserved under the act of June 10, 1920, and included in Power Project No. 580.

average 34.446

The Federal Power Commission has determined that the value of said land will not be injured or destroyed for the purpose of power development by entry, location or selection thereof provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

Sir:

September 10, 1928, the Mountain View Gold Mining Company filed mineral application for the lands embraced in Silver Falls fractional claim and Silver Falls mining claim identified as U. S. Survey No. 1546. Location of said claim was made August 9, 1926, and final certificate issued January 29, 1930.

The records of this office show that the lands embraced in said claim were, on June 4, 1924, reserved under the act of June 10, 1920, and included in Power Project No. 580.

The Federal Power Commission has determined that the value of said land will not be injured or destroyed for the purpose of power development by entry; location or selection thereof provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

Anchorage 07118 "F" CEB

In view of the foregoing, the lands embraced in Silver Falls fractional claim and Silver Falls mining claim, identified as U. S. Survey No. 1546, are hereby restored to entry subject to the terms and conditions of section 24 of the Federal water power act.

In view of the fact that this claim has been permitted to proceed to final certificate and the claimant having signified its willingness to take said lands subject to the terms and conditions of section 24 of the Federal water power act, the following reservation has been noted upon said entry and final certificate:

> "Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

You will recall the duplicate final certificate and note said reservation thereon.

vacant land in T. 1 S., R. 19 E., was temporarily withdrawn by departmental order of January 7, 1915, for Indian allotment.

In view of the foregoing the orders creating said power site reserves are hereby modified to permit the above described land when opened to entry to be entered only subject to the terms and conditions of section 24 of the Federal water power act. However, it should be understood that said lands will not be subject to entry while they remain subject to the withdrawal of March 29, 1905, or January 7, 1915. If and when said lands become otherwise subject to entry you will note on any application which may be filed therefor the following reservation:

"Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

The Federal Power Commission has determined that the value of said land would not be injured or destroyed for the purpose of power development by entry, location or selection provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

In view of the foregoing, the above described lands are hereby restored to entry subject to the terms and conditions of section 24 of the Federal water power act.

A report from the Chief of Field Division shows that the applicant has placed valuable improvements upon the land and that said tract has been restored from the shore space reserve for the benefit of this applicant.

The applicant has filed his consent to take said lands subject to the terms and conditions of said section 24. The application, which was heretofore made subject to the following reservation, will remain intact:

"Made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

So note your records and advise the applicant.

Sir:

By Executive order dated July 2, 1910 the lands below described, within your district, were withdrawn and included in Power Site Reserve No. 27.

The Federal Power Commission has determined that the NE¼ NW¼ Sec. 25, T. 49 N., R. 2 W., N.M.P.M.,

would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act (41 Stat. 1063, 1075).

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 85, approved June 12, 1930 (46 Stat. 580), that, subject to valid rights, the land described, if otherwise subject to disposition, shall be opened only to entry under the homestead or desert-land laws, by qualified ex-service men for whose service preemption is granted by the resolution, under the terms and conditions of said resolution and regulations issued thereunder, for a period of ninety-one days, beginning with the thirty-fifth day from and after the date hereof, and thereafter any of the land remaining unentered and unreserved will be subject to appropriation under any applicable public-land law by the general public.

Subsequent to this order and prior to the date of restoration to general disposition as herein provided for, no rights may be acquired to said land by

settlement in advance of entry, or otherwise, except strictly in accordance herewith.

You will, upon receipt hereof, prepare a notice of this restoration for the information of the public, posting a copy thereof in your office, and you will give as much publicity thereto as possible without expense to the Government by forwarding a copy of the notice to the post office nearest the land for posting therein and by transmitting copies of the notice or an item concerning the restoration to newspapers published nearest the land, being careful in sending such item to call particular attention of the publisher to the fact that the matter is sent as news and that the Government will not be responsible for the cost of any publication thereof. Any item furnished concerning the restoration should state that all inquiries relative thereto must be addressed to your office.

You will note upon all applications which may be filed for said land: "Entry made in accordance with and subject to the provisions and reservations of section 24 of the Federal Water Power Act."

Properly note your records, acknowledge receipt hereof and report your compliance herewith.

Very respectfully,

Commissioner.

Los Angeles, California.

Sirs

Department

By [illegible] order dated July 9, 1930 the lands below de-

[illegible]ribed, within your district, were withdrawn and included in Power Site

[illegible] Classification No. 256.

June 19-31

The Federal Power Commission has determined that the SW¼ NW¼

[illegible]ec. 24, T. 3 S., R. 3 E., S. B. M.

[illegible]uld not be injured or destroyed for the purpose of power development by
[illegible]rity, location, or reservation thereof, provided the same be made subject to
[illegible]e terms and conditions of section 24 of the Federal Water Power Act (41
[illegible]tat. 1063, 1075).

In view of the foregoing, it is hereby ordered, pursuant to Public
[illegible]esolution No. 88, approved June 12, 1930 (46 Stat. 580), that, subject to
[illegible]ald rights, the land described, if otherwise subject to disposition, shall
[illegible]e opened only to entry under the homestead or desert-land laws, by qualified
[illegible]r-service men for whose service recognition is granted by the resolution,
[illegible]der the terms and conditions of said resolution and regulations issued
[illegible]ereunder, for a period of ninety-one days, beginning with the thirty-fifth
[illegible]y from and after the date hereof, and thereafter any of the land remaining
[illegible]ained and unreserved will be subject to appropriation under any applica-
[illegible]e public-land law by the general public.

Subsequent to this order and prior to the date of restoration to general
[illegible]position as herein provided for, no rights may be acquired to said land by

settlement in advance of entry, or otherwise, except strictly in accordance herewith.

You will, upon receipt hereof, prepare a notice of this restoration for the information of the public, posting a copy thereof in your office, and you will give as much publicity thereto as possible without expense to the Government by forwarding a copy of the notice to the post office nearest the land for posting therein and by transmitting copies of the notice or an item concerning the restoration to newspapers published nearest the land, being careful in sending such item to call particular attention of the publisher to the fact that the matter is sent as news and that the Government will not be responsible for the cost of any publication thereof. Any item furnished concerning the restoration should state that all inquiries relative thereto must be addressed to your office.

You will note upon all applications which may be filed for said land: "Entry made in accordance with and subject to the provisions and reservations of section 24 of the Federal Water Power Act."

Properly note your records, acknowledge receipt hereof and report your compliance herewith.

Very respectfully,

Commissioner.

Register,

Sacramento, California.

Sir:

May 3, 1927, certain lands within your district were reserved under the act of June 10, 1920 (41 Stat. 1063), and included in Power Project No. 803.

The Federal Power Commission has determined that all portions of the W½ NW¼ and NW¼ SW¼ Sec. 33, T. 25 N., R. 4 E., M. D. M., outside a right of way strip 75 feet wide following the center line of the Inakip Canal of Project No. 803, as shown by the map designated "Exhibit E, Sheet 3 of 4 sheets", approved and made a part of the license for Project No. 803 by the Federal Power Commission on October 12, 1929, would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof provided the same be made subject to the terms and conditions of section 24 of the Federal water power act.

location, entry, or selection shall waive, for themselves and their successors in interest, any and all claims or rights to compensation for damages to said mining locations, buildings, or other improvements from the occupation or use of these lands for power purposes by the United States or its permittees or licensees, under the Federal Water Power Act or acts amendatory thereof or supplemental thereto; and that said applicant shall also waive any claim or right by reason of said location, entry, or selection adverse to the regulation of the flow of the South Fork of American River for power purposes or the development of power from the waters of said river under the Federal Water Power Act.

The records of this office show that said land was included in the El Dorado National Forest by Proclamation dated July 28, 1910.

In view of the foregoing, the above described tracts are hereby restored to entry subject to the terms and conditions of section 24 of the Federal Water Power Act, but will be subject to disposition so long as the same remains within the forest reserve only to such entries as may be made for lands within forest reservations. You will note upon any application which may be filed for said land:

"Entry made in accordance with and subject to the provisions and reservations of section 24 of the Federal water power act."

All mineral locations, filings, applications or entries for said land should be made subject to the stipulation contained in the above described determination.

Promptly note your records, acknowledge receipt hereof and report compliance herewith.

Cheyenne, Wyoming.

By executive order dated July 2, 1910 the lands below de- DARLING

ded, within your district, were withdrawn and included in Power Site

erve No. 13.

The Federal Power Commission has determined that Lots 1,2,3, Sec.

T. 43 N., R. 102 W., 6th P.M., Wyoming,

ld not be injured or destroyed for the purpose of power development by
ry, location, or selection thereof, provided the same be made subject to
terms and conditions of section 24 of the Federal Water Power Act (41
t. 1063, 1075).

In view of the foregoing, it is hereby ordered, pursuant to Public
olution No. 86, approved June 12, 1930 (46 Stat. 580), that, subject to
d rights, the land described, if otherwise subject to disposition, shall
pened only to entry under the homestead or desert-land laws, by qualified
ervice men for whose service recognition is granted by the resolution,
r the terms and conditions of said resolution and regulations issued
reunder, for a period of ninety-one days, beginning with the thirty-fifth
from and after the date hereof, and thereafter any of the land remaining
tered and unreserved will be subject to appropriation under any applica-
public-land law by the general public.

Subsequent to this order and prior to the date of restoration to general
position as herein provided for, no rights may be acquired to said land by

settlement in advance of entry, or otherwise, except strictly in accordance herewith.

You will, upon receipt hereof, prepare a notice of this restoration for the information of the public, posting a copy thereof in your office, and you will give as much publicity thereto as possible without expense to the Government by forwarding a copy of the notice to the post office nearest the land for posting therein and by transmitting copies of the notice or an item concerning the restoration to newspapers published nearest the land, being careful in sending such item to call particular attention of the publisher to the fact that the matter is sent as news and that the Government will not be responsible for the cost of any publication thereof. Any item furnished concerning the restoration should state that all inquiries relative thereto must be addressed to your office. Report under Circular 935.

You will note upon all applications which may be filed for said land: "Entry made in accordance with and subject to the provisions and reservations of section 24 of the Federal Water Power Act."

Properly note your records, acknowledge receipt hereof and report your compliance herewith.

Very respectfully,

Commissioner.

:

July 1, 1924, William H. Woolley made
mestead entry under the stock-raising homestead
for Lots 2, 3, and 4, SW¼ NW¼, S½ NW¼, S½,
. 2, E½ SW¼, Sec. 3, T. 10 N., R. 19 E., B.M.,
taining 641.35 acres.

The entry was canceled January 16, 1930,
failure to submit final proof within the
utory period.

May 4, 1931, this office held for rejec-
n an application to reinstate said entry from
on decision the applicant appealed to the Secretary
the Interior. August 25, 1931, the Secretary
ersed said decision and ordered a hearing. Said

decision was promulgated October 29, 1933.

The records of this office show that the SE¼, Lot 2 and SW¼ NE¼, Section 2, were included in the Challis National Forest by the act of April 10, 1926 (45 Stat. 415) and that all of the land not included in the forest, with the exception of the SE¼ SW¼, Section 2, were withdrawn and included in power site classification 155 by Departmental Order, dated December 9, 1926.

January 30, 1933, the entryman was allowed thirty (30) days within which to withdraw his application as to the 240 acres embraced in the forest reserve and at the same time file his consent to take the land within the power site reserve subject to the terms and conditions of Section 24 of the Federal Water Power Act.

The Federal Power Commission has determined that Lots 3 and 4, S½ NW¼, N½ SW¼, SW¼ SW¼, Sec. 2, E½ SE¼, Sec. 3, T. 10 N., R. 13 E., B.M., Idaho, would not be injured or destroyed for the purpose of power development by entry, location, or selection

provided the same be made subject to the terms and conditions of Section 24 of the Federal Water Power Act.

In view of the foregoing, said Lots 3 and 4, S½ NW¼, N½ SW¼, SW¼ SW¼, Sec. 2, and E½ SE¼, Sec. 3, T. 10 N., R. 13 E., B.M., are hereby restored to entry subject to the terms and conditions of Section 24 of the Federal Water Power Act.

The entryman has filed a withdrawal of his application for reinstatement as to the SE¼ and W½ NE¼, Sec. 2, and at the same time consented to take the lands within the power reserve subject to the terms and conditions of Section 24 of the Federal Water Power Act.

In view of the foregoing, said entry is hereby reinstated as to Lots 3 and , S½ NW¼ SW¼, Sec. 2, N½ SE¼, Sec. 3, T. 10 N., R 13 E.,B.M., and the following reservation has been noted upon said entry:-

"Made in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act as to Lots 3 and 4, S½ NW¼, N½ SW¼, SW¼ SW¼, Sec. 2 and E½ SE¼, Sec. 3"

Register,

Sacramento, California.

Sir:

By Departmental order dated January 24, 1925 the lands below described, within your district, were withdrawn and included in Power Site Reserve No. Classification No. 86.

The Federal Power Commission has determined that the W½ SW¼, SE¼ SW¼, Sec. 34, T. 5 N., R. 10 E., M. D. M., California.

would not be injured or destroyed for the purpose of power development by entry, location, or selection thereof, provided the same be made subject to the terms and conditions of section 24 of the Federal Water Power Act (41 Stat. 1063, 1075).

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 86, approved June 12, 1930 (46 Stat. 580), that, subject to valid rights, the land described, if otherwise subject to disposition, shall be opened only to entry under the homestead or desert-land laws, by qualified ex-service men for whose service recognition is granted by the resolution, under the terms and conditions of said resolution and regulations issued thereunder, for a period of ninety-one days, beginning with the thirty-fifth day from and after the date hereof, and thereafter any of the land remaining unentered and unreserved will be subject to appropriation under any applicable public-land law by the general public.

Subsequent to this order and prior to the date of restoration to general disposition as herein provided for, no rights may be acquired to said land by

settlement in advance of entry, or otherwise, except strictly in accordance herewith.

You will, upon receipt hereof, prepare a notice of this restoration for the information of the public, posting a copy thereof in your office, and you will give as much publicity thereto as possible without expense to the Government by forwarding a copy of the notice to the post office nearest the land for posting therein and by transmitting copies of the notice or an item concerning the restoration to newspapers published nearest the land, being careful in sending such item to call particular attention of the publisher to the fact that the matter is sent as news and that the Government will not be responsible for the cost of any publication thereof. Any item furnished concerning the restoration should state that all inquiries relative thereto must be addressed to your office. Submit report under circular 935.

You will note upon all applications which may be filed for said land: "Entry made in accordance with and subject to the provisions and reservations of section 24 of the Federal Water Power Act."

Properly note your records, acknowledge receipt hereof and report your compliance herewith.

Very respectfully,

Commissioner.

ed, within your district, were withdrawn and included in Power Site

ve No. 693; also reserved August 21, 1922, and included in
r Project No. 374.

The Federal Power Commission has determined that the NE¼ Sec. 20,

S N., R. 10 E., M.D.M., California,

not be injured or destroyed for the purpose of power development by
, location, or selection thereof, provided the same be made subject to
terms and conditions of section 24 of the Federal Water Power Act (41
. 1063, 1075).

In view of the foregoing, it is hereby ordered, pursuant to Public Res-
on No. 85, approved June 12, 1930 (46 Stat. 580), that, subject to valid
s, the land described, if otherwise subject to disposition, shall be
d only to entry under the homestead or desert-land laws, by qualified
ervice men for whose service recognition is granted by the resolution,
the terms and conditions of said resolution and regulations issued
nder, for a period of ninety-one days, beginning with the thirty-fifth
rom and after the date hereof, and thereafter any of the land remaining
ered and unreserved will be subject to appropriation under any applica-
ublic-land law by the general public.

The applicant alleges that settlement was made
the land in 1889 and that by means conveyances the
and improvements are now owned by the applicant by

virtue of purchase made by her on June 27, 1930.

The Federal Power Commission has determined that said land will not be injured or destroyed for the purpose of power development by entry, location or selection thereof, provided the same be made subject to the terms and conditions of Section 24 of the Federal Water Power Act.

In view of the foregoing, Lot 1, Sec. 36, T. 3 S., R. 73 W., 6th P. M., Colorado, is hereby restored to entry subject to the terms and conditions of Section 24 of the Federal Water Power Act.

The applicant having signified her willingness to take said lands subject to the terms and conditions of Section 24 of the Federal Water Power Act, the following reservation has been noted upon said application and the same will be allowed to remain intact:

"Made in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act."

So note your records and advise the applicant hereof.

Very respectfully,

Commissioner.

Approved:

First Assistant Secretary.
